

**Save the Date
Saturday June 28, 2025
LaSalle Mariner Yacht Club**

**Presents our
2nd Annual Women's Race**

We will have 2 classes:

All Female Class

This class will have a female skipper with female crew. An exception is made in this class allowing the male boat owner on board to pull the boat in and out of the harbour.
(or execute emergency manoeuvres in the case of a dangerous situation).

Mixed with a female skipper Class

This class will include up to 50% males and must have a female at the helm at all times.

We are also inviting any “retired” female sailors to join us for a schooner ride around the course area and river during the race so you may enjoy a ride on the water.

Wine and a grazing board will be served after the race offering a chance to racers of the past present and future to enjoy the sharing of their adventures.

We hope you will join us in celebrating the Female Sailors who have sailed before us, continue to sail today and will be our skipper's of the future.
